Caramel Cream Cheese Delight

Crust:

2- 1/2 cups crushed graham crumbs
1/2 cup sugar
1 stick of margarine, melted
Reserve 1/2 cup of crust mixture for garnish

Middle Layer:

1 package **Caramel Apple Dip Mix**
8 oz. softened cream cheese*
1- 8 oz. CoolWhip® - divided
1- 8 oz. can crushed pineapple, well drained

Top Layer:

1 package small instant vanilla pudding
1- 1/2 cups of milk
Remainder of CoolWhip®

**Cream cheese may be softened in microwave. Blend cream cheese to avoid any "hot spots" before adding to recipe.*

Use a 9 x13 cake pan. Mix crust ingredients together, pat down on bottom of pan with spoon. Place in freezer to harden for 20 minutes. With a mixer and large bowl, blend together well the cream cheese and **Caramel Apple Dip Mix**. Fold in crushed pineapple, then 1/2 of the CoolWhip®. Spread over the crust layer carefully. Place in refrigerator for 20 minutes to set. Using a medium size bowl, mix the instant pudding according to directions using only 1- 1/2 cups of milk. Gently fold in remaining CoolWhip® and mix well. Spread over the caramel (middle) layer and garnish with reserved crumb mixture. Return to the refrigerator to set for 1 hour. After serving keep remaining dessert refrigerated. Mikes 10 servings.
