

Bacon & Cheddar Basic (Dip) Recipe

Ingredients needed:

- ★ Bacon & Cheddar Cheesespread Mix
- ★ 8 oz. cream cheese, softened*
- ★ 8 oz. sour cream
- ★ 8 oz. soft cheddar cheesespread** or 8 oz. shredded cheddar cheese

You may use lowfat or nonfat products with this mix, although results may vary.

**Cream cheese may be softened in microwave. Blend cream cheese to avoid any "hot spots" before adding to recipe.*

***Soft cheddar cheesespread is sold in 8-oz. or 16-oz. tubs in dairy section. Brand names you might look for are: Kraft Kracker Barrel®, KauKauna® or you may also use Cheez Whiz®. You cannot serve as a cheeseball if you use Cheez Whiz®.*

Directions:

Blend cream cheese, sour cream and cheesespread. Add entire packet of mix. Chill overnight or a minimum of 4 hours. Serve with crackers, pretzels, vegetables or potato chips. May also be formed into a cheeseball. Delicious stuffed into celery, served with bagels or as a topping for baked potatoes. If you use shredded cheese, add a small amount of milk (approximately 2 Tablespoons) to make mixing easier.
