

Confetti Cheeseball - Cheeseball Recipe

Ingredients needed:

- ★ **Confetti Cheeseball (Cheesespread) Mix**
- ★ 2 cups shredded cheddar cheese
(8 oz. shredded cheese = 2 cups)
- ★ 8 oz. cream cheese, softened*
- ★ 2 Tablespoons milk

You may use lowfat or nonfat products with this mix although results may vary.

**Cream cheese may be softened in microwave. Blend cream cheese to avoid any "hot spots" before adding to recipe.*

Directions:

Place softened cream cheese and spices in mixing bowl. Mix well (a fork works great to mix with), then add shredded cheese and milk. Shape into a ball or log.** Cover with plastic wrap. Chill overnight or minimum of 4 hours. Serve with crackers or vegetables.

***May roll cheeseball in ground nuts (pecans or walnuts), parsley flakes, paprika or crushed potato chips.*
