

Banana Split Brownie Pizza

A must for any party!

Make **Fruit Dip Mix** according to directions and chill thoroughly. Bake a brownie mix (without nuts) according to the recipe on the box. You will need to bake it in either a round pizza pan or a jelly pan for 10 minutes less than what is on the directions due to the pans being so thin. Completely cool the brownie crust and spread with chilled **Fruit Dip Mix**.

Top with sliced bananas, chunk pineapple and sliced strawberries. (You will need to treat the bananas with Fruit Fresh® or put 2 Tbls. of lemon juice in 1 cup of water and soak the bananas in this for 5 minutes, then drain.) Drizzle with chocolate syrup and sprinkle with either walnuts or pecans.

Cut like a pizza and enjoy a little slice of Heaven.
