

# Garlic & Herb Cheese Spread

## *Ingredients needed:*

- ★ 1 to 2 level teaspoons of **Garlic & Herb Spread Mix** (according to taste). We prefer to use 1-1/4 teaspoons of mix.
- ★ 8 oz. package cream cheese, softened\*
- ★ 4 oz. butter (1 stick), softened
- ★ 1/2 teaspoon Worcestershire sauce

*You may use lowfat or nonfat products with this mix, although results may vary. Keep prepared spread refrigerated.*

*\*Cream cheese may be softened in microwave. Blend cream cheese to avoid any "hot spots" before adding to recipe.*

## *Directions:*

Blend cream cheese and butter, add Worcestershire sauce and desired amount of **Garlic & Herb Spread Mix**. Mix well. Chill several hours before serving. Serve with breadsticks, crackers, pretzels, vegetables or on bagels. Also makes a delicious stuffing for celery.
